W.E. LOVE LOCAL

Reason # **25** The bounty doesn't get any fresher or tastier! From locally-grown fruits and vegetables to artisanal cheeses, specialty meats, baked goods and more, the Farmers Markets in Windsor Essex celebrate simple pleasures and delicious delights.

We have plenty of reasons why you'll love this place.

SERENITY LAVENDER

Reason # **44** We strolled through the lavender beds, breathed in the fragrant aromas, and shopped for unique lavender-infused culinary, aromatherapy and bath creations. It's a garden of tranquility and beauty.

CYCLING OUR TRAILS

Reason # **12** We rode the trail winding along the scenic north shore of Lake Erie, dotted with historical landmarks, wineries and charming rural towns like Kingsville, where we stopped for a delicious lunch at the delightful Annabelles Tea Room.

KOMA

3090 Dougall Avenue, Windsor, ONT
519-253-5662 www.komarestaurant.com
KOMA stands for Kitchen Of Michael Anthony. While Anthony is the chef's middle name, he wanted to pay homage to his grandfather who's namesake he bears. The intimate size of the dining room has its purpose. It allows the chef to personally attend to each dish that comes out of the kitchen. And it's only steps away to your table. It allows us to get to know who you are. Our atmosphere is a simple design so that the focus is on the guests and not the room. The chef commissioned local artist, Dennis Bester, to develop the artwork to reflect the fusion mood of diversity.

PHO MAXIM

567 Pelissier Street, Windsor, ONT
226-674-0810 www.phomaxim.com

The foundation of Vietnamese cuisine is simple. It's built upon fresh vegetables, wholesome ingredients and a combination of earthy spices. But simple doesn't mean easy. There are no shortcuts to flavour. We know it's all in the details. Perfection takes time. That's why we marinate our meat overnight and simmer our pho soup for over twelve hours. And those pickled vegetables that bring lightness to your plate?

A PROUD MEMBER OF THE ONTARIO CRAFT BREWERS

MJ Myers

President, Northstar Plumbing

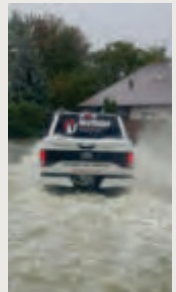

**Big Pipes, Small Pipes, Water Pipes,
Broken Pipes, Working the Pipes,
It's what we do!**

OWNER MJ Myers, female in a male dominated field says "Plumbers are my hero's. After 5 years of school AND apprenticeship training, a plumber graduates into an underappreciated profession of Plumber where they perform superhero tasks usually during a panic situation. They do the job no one else wants to do. I am honoured to have so many plumber friends and family in my life." These are her recommendations:

BWARE OF FLAT RATE PRICING Oh no, say it ain't SO! Flat rate pricing masks high prices until it's too late and you're already on the hook for a \$100 - \$125 show up fee. The concept of flat rate pricing is this: increase the labour rate significantly, increase the profit margin on all materials sold and make a lot more money. The problem with the concept was that if the customer was aware that the labour rate and the material cost were significantly higher than normal, then they would not agree to pay for it. The solution was to mask the higher price of both labour and material until it was too late to find another option. This was done by simply not having an hourly rate. With no hourly rate, the consumer cannot price shop. Now the cost of the job could not possibly be known until the plumber had gotten into the house, racked up some kind of charges such as a "diagnostic fee" of typically \$100. Only then would the customer know the "flat rate" cost of the job. After the customer - YOU - have taken time off work, wait for a guy to show up, and are already committed to the minimum fee, you're hit with the giant cost. You are now leveraged, as you must either accept the contract price and pay the \$100 diagnostic for nothing of real value, or you go back to the phone book or google and call another plumber. Neither option is very appealing to someone in this position-damned if you do and damned if you don't. **MJ says "We quote our labour rate over the phone. Our plumbers do this stuff daily so we're in and out. Most service calls take between 1 -2 hours. Remember this; your handyman might charge half the price as we do, but we'll do it in half the time with the knowledge of the trade and all licences and insurances attached. It just doesn't make sense to hire unlicensed professionals."**

BACKWATER VALVES and SUMP PUMPS prevent water from backing up into your home. The City of Windsor Basement Flooding Subsidy Program provides for a \$2800 rebate on most installs. "You would be crazy not to take advantage of this program. If you are a City of Windsor taxpayer, you've paid for this program, so take advantage of it" says MJ.

HOT WATER TANK OWNERSHIP Northstar isn't going to sell you something you don't need. A tankless hot water tank will cost you 2 times what you would pay for a regular tank. "It's a luxury item only. It isn't instant hot water like most people think it is...it's endless. Much more costly to install and repair. NEVER rent a tank. It is absolutely crazy the profit margins made in renting. Buy the tank with a parts and labour warranty and you'll be calling to thank me!"

GAS LINES Enjoying your steak on the BBQ in January? If not, why??? "We have licensed gas fitters on staff. The convenience of a BBQ positioned just outside your patio door is a treat you'll wonder how you ever did without. And who wants to worry about empty propane tanks. What a hassle!"
